Artistic expression in rural and northern Manitoba

January 2007

FROM THE COORDINATOR:

I am sending out a reminder of our latest touring options for booking. We now have two exhibitions planned to start touring this year “**Artful Divergence**” is our regularly scheduled touring exhibition for \$375 a month. This exhibition includes catalogues, posters, media releases and educational supplement.

The second option is “**In Focus**” a new initiative in our Community Touring Gallery. This exhibition is \$250 a month. It is a small exhibition, wall display only and does not include promotional materials.

As you may have already heard, I have given notice here at the Manitoba Arts Network. I have had 3 terrific years working with all of you and regret having to leave. But I look forward to working in my studio lots more spending my time painting. I wish you all the best and hope to see you all again.

Visual Arts Program Coordinator

PS. Thanks for all of the kind wishes!
